## PRODUCT CATALOGUE 3<sup>rd</sup> Ed.

"Male Lion" - Botswana

Drawer Systems.....	pg 4
Roof racks.....	pg 8

# DRAWER SYSTEMS

Big Country 4x4 manufactures two ranges of drawer systems

## ZAMBEZI

Best suited for LDV's

Reason:

- LDV loadbay is generally longer than 1200mm - fully loaded drawers can get heavy
- LDV loadbay can be a dirty place not suited to telescopic sliders

The drawers run on heavy duty sealed roller bearings (30x10) capable of handling heavy loads.

Drawers are good for loads of 200kg per drawer.

Supplied with an integral pull-out sliding top ideal for mounting a fridge.

An easily available plastic "meat tray" works excellently.

LandCruiser 79  
Hilux  
Ford Ranger  
VW Amarok  
Defender 130  
Nissan  
Isuzu  
Triton  
Colt

# Drawer Systems

## SAVUTE

Best suited for SUV's

Reason:

- Shorter loadbays, seldom longer than 1000mm
- Cleaner environment
- A neater finished off product is required

Drawers slide out their full length with telescopic slide

Most models supplied complete with trays and dividers for optimum packing efficiency.

Very easy to add a fridge slider and remove it between trips.

Loadbay still very useable between trips.
